The Nuts and Bolts of Imagine

"Supporting individuals lovingly created by God"

Core Values

Accepting, Loving, Supporting

We are passionate about accepting, loving and supporting families impacted by special needs and disability. We desire to live out these core values through our mission and purpose:

Mission

To accept, love and care for families impacted by special needs and disability through exemplifying Jesus' love, mercy and compassion while supporting them to grow deeply, thrive emotionally and be in authentic community with one another.
(1 John 3:18)

Purpose

To unconditionally love and care for all children and families who enter our community.
To create an accepting environment where children, teens and young adults can experience the joy of encountering Jesus.
To support families to fully participate in the body of Christ and the community of Northview.
To encourage the growth of others to see and understand the value of each child in God's world.
(Php. 2:1-5)
