## Discovery One:

How God Has Worked in My Past

Clarity for the future is usually found through perspective on God's work in your life in the past. Our call is always to join him in what he is doing, not invent our own agendas we want him to bless. A symbol time-line is a tool to give you a big picture of God's work shaping your life by using a series of symbols that depict your journey. It is simply a symbolic way to tell your story, starting from birth on the left, up to the present on the right. The symbols could contain positive and negative experiences. Use any symbols you'd like to tell the story of your life.

The form consists of two horizontal lines. The top line starts with a vertical tick mark on the left side. The bottom line ends with a vertical tick mark on the right side. This layout is intended for a user to draw symbols along the timeline to represent their life experiences.
